Union Station: 4 Museums/25th Street Ogden/optional Rainbow Gardens shopping

Saturday, July 21

Your Union Station pass gives you 4 museums: John M. Browning Firearms, Browning-Kimball Classic Cars, Utah State Cowboy & Western Heritage, and the Utah State Railroad Museum: a variety of interactive and pictorial displays and artifacts illustrating the construction of the transcontinental railroad. As visitors enter the Railroad Museum they pass under timbers used to construct the historic Lucin Cutoff across the Great Salt Lake. In the museum theater enjoy a movie about the Big Boy Locomotives that ran from Ogden to Cheyenne. The original Golden Spike Safe and Utah’s Centennial Gold Spike. Weigh your group on the Station’s original baggage scale. There are ART exhibits in 2 galleries.

The bus will park along Ogden’s 25th Street, where the local collectors, foodies and shoppers stroll. Find a spot that looks promising for dinner or a snack...

Optional: Does Rainbow Gardens Gift Store sound interesting? The bus will take anyone who wants to visit there for a brief stroll through the most astounding collection of giftware, seasonal décor and fashion accessories in the western United States. With over twenty departments in a 20,000 square foot original historic complex. Both a local’s favorite shopping spot and a top tourist destination.

Nestled in the valley flanked by resorts, it is the heart and soul of our mountain town and the epicenter of all that is fun and wild. Since silver was discovered in the hills, there have been booms, busts, fires, and freezes, but the town’s adventurous spirit has never dimmed. Park City re-invented itself as a ski town that grew into a world-class destination and host to global events such as the **2002 Winter Olympics and the Sundance Film Festival**. Historic Main Street has been Park City's prime shopping district since the 1800's when merchants began catering to the town's founding miners. The area hosts over 70 retail stores ranging from souvenir shops to one-of-a-kind boutiques with the finest apparel from New York, London and European designers. Art galleries, specialty shops, and spas also offer visitors a full range of products from toothpaste to Chagall. Weather - On average, Utah weather is quite temperate. Utah is a semiarid state with dry, high country air and plenty of sunshine. Generally speaking, Utah is best experienced with an extra bottle of water and some sunscreen. Stay hydrated and avoid altitude sickness, especially if you venture up into the mountain areas and ski resorts.

The July high is around 91 degrees. The July average low is 63 degrees. Davis County, Utah, gets 22 inches of rain per year. The US average is 39. The number of days with any measurable precipitation is 55. On average, there are 226 sunny days per year in Davis County, Utah. Sperling's comfort index for Davis County is 73 out of 100, where a higher score indicates a more comfortable year-around climate. The US average for the comfort index is 54. Our index is based on the total number of days annually within the comfort range of 70-80 degrees.

Wear a high SPF sunscreen and re-apply frequently. High altitude sunburns are dreadfully painful and can be dangerous. The air at altitude has less water vapor, which means there is less protection from the sun.

Hydrate, hydrate, and hydrate! The City of Layton is 4,530 feet above sea level. The air is very dry at higher altitudes and your body will feel it. Drink twice as much water as you do at home and you'll improve your chances of combating the altitude. Drinking more water a few days before travelling to higher altitudes helps you acclimate.

Tippling for Services at area eateries, coffee vendors, etc. While tipping is NOT mandatory in most of the United States, it is expected in many circumstances for service, especially at almost all sit-down restaurants which offer table service. Customers should understand that tips are often a major source of compensation for the wait staff and other service providers. Employers often pay these employees lower wages in anticipation that the service employees will receive tip income to raise their compensation to market levels -- however, U.S. employers are legally supposed to pay all workers the higher of either the Federal Minimum Wage or their state's minimum wage. Many of these employees also may be part-time employees and not receive any employer-paid benefits such as health insurance, which they consequently must pay for personally.

Floral orders may be pre-ordered and floral items may be ordered during the Session.

During the Session: Orders placed by 2:00 p.m., and paid to "SAC 2018", will be delivered the next day.
Available at the main REGISTRATION desk.
